

Travel Guidance & Sick Policy

September 16, 2021

Dear CMS Families,

RE: Travel Guidance & Sick Policy,

Sick Policy

Our sick child policy will be amended as followed:

- Children will be sent home when their temperature is **99.6** degrees Fahrenheit or higher.
- Temperatures will be taken upon arrival daily and checked later in the day if warranted.
- Children with an elevated temperature will be isolated from the group until pickup.
- Parents will be called for pickup within 30 minutes.
- If a parent is not available within 30 minutes or there is no response from the phone call(s), the child's emergency contact will be called for pickup.
- If sent home, children must be symptom free for 48 hours before returning to school. The minimum time at home will be three days from temperature (i.e., sent home on Monday, return on Thursday at the earliest).
- The school reserves the right to send a child home sick, even in the absence of fever and regardless of a note from a physician.
- **Parents are prohibited from using a fever reducer for an enrolled child within 12 hours of school attendance. Evidence of usage may result in discontinued enrollment.**

Travel Guidance,

If you are going to travel on a plane, please notify the school via email. Once you have returned home, please wait for three days before getting a PCR Covid-19 test. If that test is NEGATIVE, you child may return to school.

Alternatively, you can Quarantine 10 days without a test before returning to school.
